

The settings on an Android device allow you to set certain rules to help safeguard your child's privacy when they are using it. For example, you can turn off location services to help their whereabouts about privacy, prevent apps and sites from viewing their information, or let apps from accessing all the functions of the phone (for example, camera or microphone). We've produced step-by-step guides on how to do this to help you manage a privacy settings.

## How to manage location services
